DETAILED ACTION

1. In response to the Office action of June 4, 2003 the Amendment has been received on September 11, 2003.

Abstract has been amended.

Claims 8-10 have been canceled.

Claims 2-4, 6 and 7 are currently pending in this application.

Allowable Subject Matter

2. Claims 2-4, 6 and 7 are allowed.

3. The following is an examiner's statement of reasons for allowance:

Claims 2-4, 6 and 7 are allowed because prior art fails to disclose or make obvious a mobile X-ray apparatus comprising: a carriage having at least one pair of independently driven driving wheels; a driving handle comprising a pair of spaced side bars rotatably coupled to the carriage along an axis of rotation and a cross bar movable with the side bars, cross bar being coupled to and extending between the side bars in an articulated manner to allow turning movement of the respective side bars to different extents and in different directions about the axis; and controlling the motor means responsive to the electrical signals to steer the carriage in a desired direction as claimed in claim 7 and further it is understood that the mobile X-ray apparatus inherently

includes an X-ray source or detector. Claims 2-4 and 6 are allowed by virtue of their dependence.

Conclusion

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Warden et al. (US Patent 5,081,662); Siczek et al. (US Patent 5,067,145) and Graumann (US Patent 6,139,183) disclose the mobile X-ray apparatus.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
